### Product description

version Profi +

Very useful and handy multi-purpose tester designed for one-handed operation

electrical testing 6 - 24V in cars, trucks and motorcycles

LED light illuminates the work area

easier to solve problems by switching the polarity

very useful for measuring the ignition, fuel injection and other pulsed power systems

Read the measured voltage backlit display

Built-in cable continuity tester with optical signal

measuring the frequency to 8000 Hz

6 foot cord allows for comfortable operation

polarity tester for testing vehicles or trailers

polarity reversal adapter connected to the battery

device connected to the battery or cigarette lighter

A special tip for measurements on deep plugs

6 adjustable degrees threshold voltage of 0.5 V - 1.0 V - 2.0 V - 5.0 V - 10.0 V - 48 V

acoustic signal when the set voltage
